السادة / بورصة الكويت المحترمين

Subject: Disclosure Regarding the Analysts
/Investors Conference for Action Energy Company

In accordance with the obligations set forth in Article (7-8) and (8-4-2) of the Boursa Kuwait Rules regarding the obligations of listed companies, and in affirmation of the Company's commitment to transparency.

We would like to inform you that the Analysts/Investors Conference for the financial period ended 30th June 2026 was held today, **Monday, 10 /08/ 2026**, at 3:00 PM Kuwait time via live webcast over the internet. No material information not previously disclosed to the public was shared during the conference.

Please find attached:

1. Analysts/Investors Conference Presentation.

Yours Sincerely...

Ahmad Mohammad Al-Ajlan
Board Member & CEO

الشركة العملية للطاقة (ش.م.ك.ع.)
Action Energy Company (K.S.C.P)

الموضوع: إفصاح بشأن انعقاد مؤتمر المحللين
/المستثمرين للشركة العملية للطاقة

بناء على الإلتزامات الواردة في المادة رقم (7-8) والمادة (2-4-8) من قواعد بورصة الكويت ، بشأن التزامات الشركات المدرجة، وتأكيدا على التزام الشركة بالشفافية. يرجى العلم بأن مؤتمر المحللين / المستثمرين عن الفترة المالية المنتهية في 30 يونيو 2026 قد انعقد اليوم الإثنين الموافق 2026/08/10 في تمام الساعة 3:00 عصراً بتوقيت دولة الكويت عن طريق بث مباشر عبر شبكة الإنترنت (Live Webcast) ولم يتم الإفصاح عن أي معلومة جوهرية غير متاحة للجمهور خلال المؤتمر .

مرفق طيه:

1. العرض التقديمي لمؤتمر المحللين / المستثمرين .

وتفضلوا بقبول فائق الاحترام والتقدير...

أحمد محمد العجلان
عضو مجلس الإدارة والرئيس التنفيذي

Total Installed Capacity
20,600 HP

Established in 2015, AEC has grown into a leading provider of onshore drilling services in Kuwait, operating 20 rigs as of 2025, representing approximately 12% of Kuwait's active rig fleet. The Company operates primarily through two key complementary business segments:

- Drilling Services, supported by a modern, high-utilization rig fleet, and
- Oilfield Services, providing well lifecycle support through a combination of in-house capabilities and strategic technical partnerships.

Major Shareholders

- Action Real Estate Company
- Gulf Cables & Electrical Industries Group Co.

Maintains an oil and gas reserve life of 276 years

Low Lifting Cost

Boasts a competitive lifting cost of \$8.50 per barrel

Reduced Emissions

Achieves a minimal CO2 intensity of 8.5kg per barrel

Significant Barriers to Entry

Stringent regulatory and licensing requirements apply for Kuwait operations

Right Timing

- GCC NOCs have committed to substantial investment
- Strong local demand for drilling capacity today
- Kuwait's long-standing focus on expanding hydrocarbon production

Right Location

- Systemically critical for energy security-of-supply
- Resilient and growing drilling markets

Right Assets

- Focus drilling segment accounts for over 69.1% of regional oil & gas production
- Awarded recurring tenders, highlighting strong compliance & expertise
- Youngest rig fleet in Kuwait, ensuring efficiency, mobility, and reliability

Right People

- Skilled, long-tenured team delivering consistent operational excellence
- Proven track record built on the commitment and expertise of AEC's people
- Robust management team with over a decade of sector experience

Resilient Business Model Proven Across Cycles

Track Record of Rapid Growth Throughout Market Cycles

De-risked Growth with Long-Term Horizon

Strategic Pillars of Growth

Sustain and Grow Market Leadership in Kuwait

Demand for onshore drilling underpinned by Kuwait Oil Company's long-term target to increase crude production capacity to 4.0 mmbpd (million barrels per day) by 2035 and expand free gas output.

With one of the youngest fleets in the country and a 94% success rate in drilling tenders to date, AEC is well-positioned to capture a share of this expansion.

The Company's strong track record, long-standing relationship with KOC, and fully pre-qualified rig fleet support its ability to sustain and grow market share in its core domestic market.

Expand and Diversify Oilfield Services

The Company has already secured pre-qualifications and awards in areas such as electric submersible pumps (ESP), slickline, inspection, and once-through steam generator (OTSG) services, and continues to pursue additional service line pre-qualifications.

Strategic partnerships with global technology providers enable knowledge transfer, technical capability enhancement, and transition from JV-based participation to independent execution.

This diversification broadens AEC's role as a partner to KOC, deepens integration with the upstream value chain, and enhances resilience through recurring service revenues.

Pursue Regional Expansion and Selective M&A

AEC is evaluating opportunities to replicate its operating model across the GCC, where significant incremental demand for drilling and workover rigs is expected by 2030. Growth avenues include bidding independently using existing pre-qualifications, entering into JVs, & selectively acquiring local operators or service providers to accelerate entry into attractive markets.

Within Kuwait, bolt-on acquisitions in OFS segments such as well services, slickline, and production support are also being assessed to broaden technical expertise and strengthen AEC's long-term value proposition.

All expansion is guided by a disciplined capital allocation framework, maintaining conservative leverage and a focus on sustainable shareholder returns.

Embedded HSE Culture Aligned with International Standards and Industry Best Practice

AEC Has a High HSE Standard Allowing it to Maximize Efficiency and Reduce Risk

HSEQ a Key Pillar to AEC's Successful Business Model
